Pyramid Hill College

Indonesian Language Assistant

Pyramid Hill College has been fortunate enough to receive funding to employ an Indonesian Language Assistant. We are pleased to welcome Tiara Maharani, who is our new Assistant and she will be living in our community for the rest of the year.

Tiara’s role at the College will be to work with students and teachers to provide expertise and correct language usage and contribute to the Indonesian language program through other activities. Tiara has written some information about herself below.

My name is Tiara Cita Maharani, but people call me Tiara. I was born in Ciamis, West Java on June 9, 1991. I live with my mother and my brother in Majalengka, West Java. My mother is a teacher. She teaches accounting in a vocational school. My brother is in college. He’s studying Resort & Tourism Management in NHI, Bandung.

My hobbies are reading and dancing. I like reading detective novels or everything. I like traditional dances, especially jaipongan. Besides, I also like to cook.

I’m so happy to be an Indonesian Language Assistant to Pyramid Hill College. The staff and students are so wonderful. Hopefully, I can be a part of Pyramid Hill College and contribute to any events and celebrations.

Seniors News

Just a reminder that our Luncheon is on Friday, 13th February.

Hope everyone is keeping cool and Happy Birthday to anyone having one.

Just a reminder - we offer:
- Cards every Thursday at 7 pm
- Crib on the first Friday of each month at 1.30 pm
- Lunch every second Friday
- DVD and cuppa every third Friday
- Bingo every fourth Friday 1.30pm

If there is a fifth Friday, then it is lunch at the Pub.

Come along to any event and enjoy a nice social occasion.

Membership is $2 and open to all over 55.

There are several vacancies on the committee, so don’t be shy, its not hard work. Just come along to the next committee meeting on 17th February at 5pm and show your interest.

From our card reporter Peg - Thursday, 5th—six played 500—Ivor, Peg and Jeanette won 4 games. Trevor, Wanda & Jess won 2. Early night after supper. Friday—Crib was played—Terry & Peg versus June & Carol. Peg & Terry won first 4 games, June & Carol the last, so they went home while they were in front!! Very sporting of Peg & Terry!

Another trip planned for cooler weather.

Stay well, Stay safe!

Help Needed

On Wednesday, March 18th, The RACV Fly the Flag Rally will be coming to Pyramid Hill between 1.00—2.00 pm for afternoon tea. Approx 350 people are expected.

The Historical Society are coordinating the food and would like as much help as possible with suitable food for a light afternoon tea.

Some people may remember when this Rally visited our town after the floods.

Any donations received will be put towards powder-coating the historic gates to Mitchell Park.

BOWLS NOTES

60+ LADS
The lads, Alan, Allan, Andy and Ernie, travelled to Boort this week and let the chook off the hook in their first game. However, they made a good come back and joined the chook hunt winning their other two games. Here’s something to cheer you up, guys…Q: Did you hear about the chicken who could only lay eggs in the winter? A: She was no spring chicken.

SATURDAY PENNANT
Division 1 played Cohuna Golf 2 and were pipped at the post, going down 67-71. Sadly, it was one of those matches we should have won!! Unfortunately, the opposition probably saw it differently. The empire was building nicely until it came crashing down in the final stages of a nail-biting finish. Our players should take heart, however, as a four shot loss is more ‘disappointing’ than ‘disasterous’!

Lionel, Laurie, Jean & Andy had a great team win 31-20. Beau, Ian, Kate & Graham also recorded a sound victory 24-17, with Ian getting the accolades for the day. Glen, Fred, Jeanette & Helen had a battle all day, but found the going too tough, losing 12-34.

Division 3 played Kerang and, regrettably, were not able to produce the form of the previous week. The final score of 62-78 was a good effort against very strong opposition, but still a disappointing loss given that a spot in the finals was beckoning. Charlie, Neil, Alan J., Andrew lost 20 – 33.

Nola, Terry, John & Peter lost 14-29. Brian, Allan F., Ernie & Bill put in their ever-consistent effort to win 28-16. All reports declared that Brian was on fire (a cut above the rest) and, as Skip, played some amazing, well-calculated wicks.

WORKING BEE: Thanks to those willing workers who attended the Working Bee last Friday when the front green was given a haircut and manicure. Brian’s knowledge and expertise in matters relating to the green keeping is invaluable. Brian, Andy, Allan F., Lionel, Bruce, Nola and Marie N. toiled through the heat in an effort to improve the playing surface and the surrounds. I’m sure all who benefit from your work will thank you. Thanks, also to Ernie who has been repairing the seats yet again. It’s a shame you weren’t around to enjoy the feast that was provided to the Working Bee crew, Ernie.

COMING EVENTS:
Saturday Pennant: Division 1 host Leitchville. Division 3 host Kerang Golf. Players, please check whether you are the nominated Duty Rink and carry out your list of jobs as described on a sheet pinned on the Office door.

Board Meeting: The next Board Meeting is set for this coming Tuesday night 17th February at 8:00pm.

Star Day Fours Tournament: Wednesday 25th Feb 10am. Catering assistance will be required.

Silverleaf Nightshade Management

FREE Field Days

Landholders who are interested in learning quality management techniques for tackling the weed Silverleaf Nightshade (also known as Whitehorse Nettle), are encouraged to register for one of two free field days being run in the Loddon Shire on the 25th & 26th February 2015.

The days will feature up to date research and advice on management of this common summer growing weed, as well as information on how to participate in on farm trials for control of the weed.

NSW DPI researcher Dr Hanwen Wu and Murrumbidgee Landcare project officer Phil Bowden will present detailed information on Silverleaf Nightshade and answer questions from participants about the best control options for the local area. Field days include:

- Rothacker’s Property
  384 Mysia East Road, Mysia
  25th February 9am – 12pm

- Welsh’s Property
  48 Woods Road, Calivil
  26th February 9am – 12pm

To register your interest please contact Anthony Gallacher on (03) 5446 9249 or facilitator@lpin.org by Monday 23rd February. Please include any dietary requirements for catering as lunch will be provided.

These events are funded by the Meat and Livestock Association through the New South Wales Department of Primary Industries, Murrumbidgee Landcare and the Graham Centre for Agricultural Innovation and hosted by the Loddon Plains Landcare Network.
Ern Ferris

Ern Ferris passed away on 27th January 2015, a few weeks short of his 92nd birthday. He was born in the Pyramid Hill hospital and lived in the area all of his life, from the family farm at the Terricks to the Pyramid town. He had, at various times, worked as shearer, transport operator, share farmer, cleaner, groundsman, all to supplement the income while operating the family farm.

Ern met his wife Mavis when, as a newly appointed school teacher to Bald Rock, she attended a function at the Pyramid Hall. They were married in June 1947 and moved to Mincha West. As the family of four children arrived over the next eight years they moved to Macorna, Mincha and back to the family farm in 1961.

Ern and Mavis semi-retired in the late seventies, to a block on Bullock Creek near the Hill then into their house in Barber St around 1985.

He has been involved at management level in many organisations over the years, including Swimming Pool committee, Macorna and Pyramid football clubs, Historical Society, the Lions Club where he was awarded the Melvin Jones Award, Lions International’s highest award for dedicated humanitarian service, and more recently was pleased to be on the committee of the Neighbourhood House. Through knowledge gained from years in these positions, he became the “go-to guy” for advice on club administration, council issues, and on life itself.

In earlier life, Ern had doubts about his literacy but with assistance from Mavis initially, he became a prolific author and wrote a five volume set of memoirs and assisted many other people with producing publications recording local history.

Ern is survived by sisters Dorothy and Hazel, and sons Alan and Graeme. Daughter Jenny passed away in 2004 and Neil in 2014.

The family wishes to extend sincere thanks to the people of Pyramid and district for supporting Ern’s involvement in community activities and family and friends who drove him to functions and doctor’s appointments in later years.

In particular we thank the Cert Team members Cheryl, Cathy and Tania who in the words of one of them, “gave it their best shot” in Ern’s time of need. If there was ever an example of the value of the Mecaps personal alarm system this was it.

*******

Ern was a member of the Committee of Management and also a volunteer and a friend, mentor and confidant to many in the community and especially to those who frequented the Neighbourhood House. He will be missed greatly by all who benefited from his kindness and words of wisdom.

The Committee of Management, Staff and Volunteers of the Pyramid Hill Neighbourhood House would like to say thank you Ern for your commitment to our House.

Ern was a founding member of the Pyramid Hill Men’s Shed and regularly spent time happily working on projects, learning new skills and generally being involved with the other members of the Shed. We greatly appreciated Ern’s generous donation of the lathe and will miss seeing him at his station at the scroll saw. Members and friends will remember Ern for his support and generosity and he will be greatly missed.
Morning Melodies
We are on the road again,
Starting on Wednesday,
18th March.
Please let me know if you are Interested in going.

Lifecycle
There are four stages in the life cycle of QFF: egg, larva (maggot), pupa and adult. Completion of the QFF life cycle is dependent on temperature and moisture. Each stage may take from a week to several weeks and under favourable conditions one generation takes about four weeks. (Last winter, the QFF managed to breed throughout winter in northern Victoria.)

Small eggs are laid just under the skin of the fruit where they develop into maggots. Decay begins inside the fruit while the outside of the fruit may appear intact. These maggots become larvae, which when matures leave the fruit and burrow into the soil beneath the tree. Each larva forms a hard, brown barrel-like shell from its skin, inside which the pupa develops into a fly.

Female QFF are capable of laying several hundred eggs during their lifetime, and adults can live for many weeks. Female flies usually mate once or twice but male flies mate multiple times. There have been sterile males developed to be released into the environment to try and stop the epidemic.

If you would like more information, please don’t hesitate to contact us.
